UNDER ARMOUR

THE ONLY WAY IS THROUGH.

THIS IS OUR RALLY CRY

It captures the heart of our brand and brings our mission, vision, and values to life.

This is our truth. Our brand anthem is at the center of every story we tell. When Focused Performers see it, they know who we are and what we stand for. TO FIGHT.

STORM

ALWAYS STAY DRY

Storm is our signature system which we developed to equip athletes facing any and every wet weather situation imaginable.

From drizzle to steady rain to thunderstorm, we will keep you dry so you can perform better.

Look out for the STORM indicators **STORM** throughout our training range for products featuring water, wind or UV protection.

heatgear®

STAY COOL, DRY & LIGHT

Ideal for workouts in the gym and when the temperature starts to rise outside, our signature Heatgear line delivers a highly breathable construction that wicks sweat to the surface to keep you cooler, drier and lighter than ever.

Smooth and sleek Heatgear fabric is durable, comfortable and won't weigh you down. It's 4 way stretch fabrication improves range of motion, dries faster & maintains shape.

Our signature moisture transport system wicks sweat away from the body, keeping you cooler and drier. Anti-odour technology prevents the growth of odour producing microbes to help you keep your gear fresher for longer.

Heatgear apparel also provides you with 30+ UPF protection from the sun.

coldgear®

STAY WARM, DRY & LIGHT

Ideal for days when it's 12°C or below, Coldgear apparel features a dual-layer fabric that wicks moisture from the skin and circulates body heat - keeping you warm without ever weighing you down.

It all started with our warm weather Heatgear apparel that wicks sweat to keep you cooler and drier.

Athletes demanded the same performance; but for the cold. Under Armour delivered with Coldgear apparel. It traps heat whilst it pulls away sweat, all in an ultra lightweight and comfortable garment.
